

Message from the CEO

Gay Johnson

NPWH's roots are firmly planted within the family planning movement. In May 1980, the Metropolitan Executive Director's Council (MEXDICO) of the Planned Parenthood Federation of America passed a resolution calling for the formation of a national association of *family planning nurses*. Later in the year, and at the invitation of MEXDICO, a group of nurse practitioners (NPs) from 20 of the larger Planned Parenthood affiliates met in Denver, Colorado, to discuss the formation of a

specialty organization focused on family planning and reproductive health. The Denver meeting participants voted to form a new organization called the National Association of Nurse Practitioners in Family Planning (NANPFP). NANPFP's mission was "to assure accessible, quality family planning services and reproductive freedom..."

Fast forward to 2015. After having undergone two name changes, after having fulfilled many of the early visions, and after having accomplished many of the goals set for education and professional development of NPs, NPWH—the National Association of Nurse Practitioners in Women's Health—is celebrating its 35th anniversary! NPWH has broadened its focus over the years but still remains an organization dedicated to ensuring the provision of quality healthcare to all women by women's health NPs and other women's health-focused clinicians.

We will be celebrating this milestone in the life of our organization during the Welcome Reception at our 18th Annual *Premier Women's Healthcare Conference* in Salt Lake City, Utah, on October 14-17, 2015. Our program guide for this year's conference is provided for you here in the journal on the following pages. It has always been our mission to bring you the most up-to-date information and the highest quality education.

So, mark your calendar and make arrangements to attend the NPWH conference this year in Salt Lake City. Together, we will raise a glass in celebration of 35 years of this dynamic organization, the National Association of Nurse Practitioners in Women's Health!

– Gay Johnson
Chief Executive Officer, NPWH

18th Annual NPWH Premier Women's Healthcare Conference

The National Association of Nurse Practitioners in Women's Health (NPWH) is a dynamic professional membership organization focused on women's health care. As the health care landscape changes and evolves, NPWH continues to advocate for sound public policies that improve women's health and to support the professional development and lifelong learning of nurse practitioners, nurse midwives, and all other clinicians who provide care to women. Clinicians who attend the NPWH 18th Annual Clinical Conference will gain the in-depth knowledge and specialized skills needed to provide high-quality health care to women of all ages.

Please join us in Salt Lake City, Utah to learn about state-of-the-art developments in women's health, network with colleagues, and share our collective goal of quality health care for women.

Learning Objectives

At the conclusion of this conference, participants will understand current clinical trends, and use evidenced based research and national guidelines to:

1. Identify and address current topics in women's health including:
 - a. Updates on emergency contraception, PCOS, and menopause
 - b. Health care needs of women veterans
 - c. New STD treatment guidelines
 - d. Genomics and genetics in women's health
 - e. Alcohol screening and brief intervention
 - f. Emerging issues in the global health care of women
2. Incorporate essential primary care skills into women's health practice
 3. Diagnose and manage barriers to desired fertility
 4. Identify issues to improve health care for special populations including Muslim women and LGBTQ persons
 5. Understand Bright Pink Guidelines for breast and ovarian cancer detection in young women
 6. Manage health issues of women during the childbearing years, including:
 - a. Maternal mortality and patient safety,
 - b. Issues in inpatient management, and
 - c. Herbs, supplements, and nutraceuticals in pregnancy and lactation
 7. Effectively implement pharmacologic therapy for health issues in women

Registration Information

Pre-Conference Registration Fees

Conference Participant Fee	\$225
Non-Conference Participant Fee	\$250
Student.....	\$125

Main Conference Registration Fees

Active Member Fee

Early Registration (must be postmarked by 9/5/15)	\$455
Regular Registration (must be postmarked by 9/26/15)	\$505
Late Registration (postmarked after 9/26/15).....	\$525
Student Fee.....	\$255
Non-Member Fee (includes 1-year NPWH membership)	\$565

Partial Attendance

Active Member (per day)	\$280
Non-Member (per day; price does not include membership).....	\$330
Non-Member/Inactive (per day; price includes 1-year NPWH membership)	\$380

Your registration fees include all eligible meal functions, a CE Certificate of Attendance, and access to the NPWH E-Learning Portal for the recorded Pre-Conference and Main Conference sessions.

Workshops

Workshops are open to Main Conference attendees – those registered for BOTH Thursday and Friday sessions – ONLY. Hands-on Skilled Workshops 1,3, and 5 are an additional fee.

Conference Participant Fee.....	\$65
Student Fee	\$45

Workshop and Breakout Session Registration

Workshops and breakout session assignments are made on a first-come, first-served basis, are subject to change, and to be closed due to room capacity. In order to ensure that you are able to attend those sessions which interest you most, we highly recommend that you register as early as possible.

Important Message Regarding Symposia Attendance

If you have signed up to attend any breakfast, lunch, and/or dinner symposia, but find that you cannot attend for any reason,

please contact the NPWH Office in a timely manner to cancel your reservation.

How to Get Employer Support

Conference attendees may consider trying to obtain employer support in covering all or part of the conference fees. This event is an ideal opportunity to stay up-to-date in the field of women's health, to gain Continuing Education credit while doing so, and to network with women's health care practitioners from all over the country. The knowledge and skills gained at the conference can then be applied to patient care and to the organization of the practice or healthcare facility, which not only benefits the attendee but the employer as well.

Method of Payment for Registration Fee

Payment can be made by U.S. check or money order (payable to NPWH Conference) or credit card—MasterCard, VISA, Discover, or American Express—only. A \$25 fee is charged for any returned check or declined credit card.

Refunds

A \$50 processing fee will be charged for cancellations received in writing by September 13, 2015. After September 13, 2015, only 50% of the fee will be refunded, and "no-shows" will not receive a refund. On-site cancellations of workshops are subject to only 50% refund of the workshop fee.

Americans with Disabilities Act/Dietary Restrictions

NPWH fully complies with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If you have any dietary restrictions and will be attending any of the meal functions, please let us know as soon as possible. NPWH will work with you to make sure your needs are met. If any participant in this education activity is in need of special accommodations, please contact Ali Schklair at NPWH: 202-543-9693, ext 1.

Equal Opportunity

Events and activities approved by NPWH are available without regard to a participant's race, color, sex, national origin, disability or age, as provided by law and in accordance with NPWH's respect for personal dignity.

SCHEDULE

Pre-Conference – Wednesday, October 14, 2015

7:15am – 8:00am

Registration/Continental Breakfast

8:00am – 12:00pm

Primary Care Update (Including Immunizations) 3.5 CE

3.5 CE 2.5 Rx; NCC Code 2A

Anne Moore, DNP, WHNP/ANP-BC, FAANP

Leslie Welch Hopkins, DNP, APRN-BC, FNP-BC, ANP-C

This session focuses on typical acute and chronic health conditions experienced by women. Clinicians specializing in women's health should be prepared to evaluate, triage, and/or manage these conditions.

12:00pm – 1:00pm

Lunch

1:00pm – 5:00pm

Evaluation and Treatment Options for the Fertility Patient 3.5 CE 2.5 Rx; NCC Code 2A

Jordan Vaughan, MSN, APN, WHNP-BC

One in six couples currently suffers from infertility. Women's health nurse practitioners play a vital role in educating, counseling, and treating both male and female patients. Providers can now offer patients more treatment options than ever before including ovulation induction, intrauterine insemination, in vitro fertilization, and fertility preservation for men and women prior to cancer treatment or to delaying childbearing.

6:00pm – 8:00pm

COMPLIMENTARY DINNER SYMPOSIUM

The Cervical Cancer Screening Dilemma: Choosing the Optimal Screening Strategy

1.5 CE

This symposium will address the controversies and challenges of implementing the proposed cervical cancer screening guidelines. The benefits and risks of selected screening strategies as well as patient concerns will be presented.

Day 1 – Thursday, October 15, 2015

7:00am – 8:00am

Registration/Continental Breakfast/Exhibits

8:00am – 8:30am

Welcome and Business Meeting

8:30am – 9:15am

KEYNOTE SPEAKER – Nurse Practitioners' Role in Expanding Access to Women's Health Care

0.75 CE; NCC Code 5

Terry O'Neill, JD

9:20am – 10:10am

High Hopes versus Harsh Realities: The Population Impact of Emergency Contraceptive Pills

0.8 CE 0.8 Rx; NCC Code 1

James Trussell, PhD

10:15am – 11:05am

Rising Maternal Morbidity and Mortality in the U.S.: Current Initiatives and Planning for Prevention

0.8 CE; NCC Code 2B

Suzanne McMurtry Baird, DNP, RN

11:10am – 12:10pm

Exhibits/Posters

1.0 CE

12:15pm – 2:15pm

LUNCH SYMPOSIUM

Getting to Yes: Interventions to Increase LARC Acceptance, with a Focus on Intrauterine Contraception

1.5 CE 0.5 Rx; NCC Code 1

This case-based interactive luncheon symposium will incorporate the most recent data concerning intrauterine contraception. The content will address educational needs identified within NPWH membership and audience. The symposium will provide clinicians with tools that better enable them to address the contraceptive needs of individual patients.

2:20pm – 3:10pm

Women Veterans

0.8 CE; NCC Code 2C

Patricia Hayes, PhD

3:15pm – 3:45pm

NPWH/TEVA Inspiration in Women's Health Awards

3:50pm – 4:40pm

Living Well Aware: What is Healthy?

0.8 CE; NCC Code 1

Patricia Sulak, MD

4:45pm – 5:35pm

Breast and Ovarian Cancer Prevention: A Practical Approach to Risk Stratification and Management in Young Women

0.8 CE; NCC Code 2A

Deborah Lindner, MD, FACOG, FACPH

5:40pm – 6:45pm

Welcome Reception/Exhibits/Posters

7:00pm – 9:00pm

COMPLIMENTARY DINNER SYMPOSIUM

1.5 CE

Day 2 – Friday, October 16, 2015

Each breakout session between 8:00am and 2:40pm is worth 1.25 CEs. You may choose one session for each time period.

7:00am – 8:00am

Registration/Continental Breakfast/Exhibits

8:00am – 9:15am

A. Evaluation and Treatment of the Genitalia Across the Life Span and Intentional Injury – You Don't Know What You Don't Know about Forensic Nursing

NCC Code 2A

Patricia M. Speck, DNSc, APN, FNP-BC, DF-IAFN, FAAFS, FAAN

This session is an introduction to the need for forensic

nursing specialty and patient-centered philosophy of trauma informed care in WHNP practices. The presentation will also cover the recognition of hormonal changes to the genitalia across the life span, and provide an enhancement of clinical assessment skills through the recognition of conditions and diseases that mimic intentional injury. Finally, the presentation completes the case studies with application of therapeutic diagnosis and pharmacological treatments by the advanced practice nurse caring for menstruating children (<18 years of age) and adult (>18 years of age) females across the lifespan.

B. Caring for Women Having Abortions

Rx 0.2; NCC Code 2A

Amy Levi, PhD, CNM, WHNP-BC, FACNM, FAAN

This session will review the currently available types of abortions, the most common complications that may arise, and the role of the advanced practice nurse in the care of women seeking pregnancy termination.

C. PODIUM PRESENTATIONS

Patterns of HPV Vaccination in a Sample of Urban Young Females

Holly B. Fontenot, PhD, RN, WHNP-BC
Assistant Professor; Director, WHNP Program
Boston College
Chestnut Hill, Massachusetts

Promoting Effective Patient Communication in Vulnerable Adult Women

Ginny Moore, DNP, WHNP-BC
Director, Women's Health Nurse Practitioner Program and
Assistant Professor
Vanderbilt University School of Nursing
Nashville, Tennessee

Consequences of Sexual Victimization on Gynecological Health of College Women

LaNika Wright, PhD, WHNP-BC, MSN
Women's Health Nurse Practitioner
East Carolina University Student Health Services
Greenville, North Carolina

Effects of E-Pelvis Education on Anxiety Levels in Novice Practitioner Students

Peggy Mancuso, PhD, RN, CNM, CNE
Professor
Texas Woman's University
Dallas, Texas
Mahnaz Sherieh, WHNP, MSN, DNP
Women's Health Nurse Practitioner
Texas Woman's University
Dallas, Texas

D. Inpatient Management Issues (OB Breakout)

NCC Code 2B

Suzanne McMurtry Baird, DNP, RN

Obstetrics remains a highly litigious practice area. This lecture will outline current issues in obstetrics. Issues will be illustrated with case studies.

E. Colposcopy Cases

NCC Code 3

Mary M. Rubin, PhD, RNC, CRNP, FAANP

This session will enable participants to choose the appropriate abnormal Pap test guideline for triage. Based on the age of the patient and the degree of abnormality, management choices will be determined and discussed.

9:25am – 10:40am

F. Herbs: Facts and Fallacies in Pregnancy

1.25 Rx; NCC Code 4

Bruce H. Woolley, PharmD

This session will cover facts and fallacies of herbal use in pregnancy.

G. Bright Pink Breast and Ovarian Cancer Risk Cased-Based Learning Module

NCC Code 2A

Deborah Lindner, MD, FACOG, FACP

This case-based learning module puts learnings in to action on how to best identify and manage breast and ovarian cancer risk among young, female patients.

H. Vulvar Dermatology: You Make the Diagnosis

0.8 Rx; NCC Code 2A

Patty Cason, MS, FNP-BC

This interactive session presents a useful classification system to facilitate diagnosis of vulvar dermatologic conditions. Extensive photos exemplifying those conditions allow participants to appreciate a range of appearances and the opportunity to identify many vulvar dermatoses with an emphasis on lichen sclerosis, VIN, and other pigmented lesions.

I. Emerging Global Cancer Care in Women

NCC Code 5

Deborah Kirk Walker, DNP, FNP-BC, NP-C, AOCN

This session is designed to increase awareness of the emerging global cancer burden for women along the cancer trajectory. The disparities associated with accessing cancer care and the many common challenges to cancer therapy will be discussed.

J. Menopause/Hormone Therapy Update

1.25 Rx; NCC Code 2A

Patricia Sulak, MD

This presentation will update attendees on the latest findings of the Women's Health Initiative. The risks and benefits of management options will be discussed.

10:45am – 11:55am

Lunch/Exhibits

12:00pm – 1:15pm

K. Special Consideration for Healthcare of Geriatric Women

0.5 Rx; NCC Code 1

Charlotte Kelley, MSN, GNP-BC, ARNP

As women age, there can be subtle indicators of changes in their health. Recognizing and referring those at risk for declining health may preserve their well-being and quality of life.

L. Pelvic Floor Pain and Dysfunction: When to Refer to a Physical Therapist?

NCC Code 3

Lauri Colosimo, PT

Ashley Nelson, DPT

This is an introduction to the role a physical therapist can play in helping you to identify appropriate patient referral for pelvic floor dysfunction and pain associated with pregnancy and postpartum. There will also be broad overview of common diagnoses and treatments used during a typical pelvic floor physical therapy session.

M. Outpatient Management of Diabetes and Other High Risk Issues in OB including Obesity

1.0 Rx; NCC Code 2C

Cornelia R. Graves, MD

A comprehensive view of the outpatient management of diabetes.

N. Genomics and Your Practice

NCC Code 3

Sandra Daack-Hirsch, PhD, RN

This presentation will cover new technology and concepts in human genomics. Specifically, next generation sequencing (NGS) and epigenetics will be presented in terms of what they are, how each is used or could be used in clinical practice, and the social and ethical issues related to each of these technologies.

O. Desire, Arousal, and Orgasmic Dysfunction in Women

1.0 Rx; NCC Code 2A

Brooke Faught, MSN, WHNP-BC, IF

Catherine Gagnon, RN, MSN, FNP-BC

Sexual dysfunction in women, specifically desire, arousal, and orgasmic dysfunction, is an extremely prevalent medical entity with a plethora of potential etiologies. This course will cover basic evaluation, diagnosis, and treatment for patients reporting sexual concerns.

1:25pm – 2:40pm

P. Care of Muslim Women in Pregnancy

NCC Code 2B

Debra Penney, CNM, MPH, PhD

This session will provide basic approaches to interacting with patients who differ from their health care provider. Examples of stereotyping and bias formation will be addressed through examples from research on the health encounter and Muslim women.

Q. Providing Inclusive Sexual and Reproductive Health Care to Our LGBTQ Patients: A Guide for “Women’s Health” Providers

NCC Code 2A

Michelle Schramm, MSN, WHNP-BC

Our patients who identify as LGBTQ are at higher risk for many sexual and reproductive health disparities compared to heterosexual and cisgender women. “Women’s Health” providers are well equipped to provide inclusive sexual and reproductive health care for these patients. During this session you will learn about how you can reduce barriers in your practice and improve access to care for these all too often “invisible” patients.

R. Laboratory Studies in the Women’s Health Clinic

NCC Code 3

D’Ann Somerall, DNP, FNP-BC

It can be confusing to know when to order basic labs such as CBC and CMP. It can be even more confusing to know when to order and how to treat abnormal lipid panels and thyroid labs as well as vitamin D levels. This presentation will provide guidelines for ordering these labs and how to treat abnormalities.

S. Depression

1.25 Rx; NCC Code 3

Mary Ann Nihart, MA, APRN, PMHCNS-BC, PMHNP-BC

Depression and anxiety disorders in women most often present first in their women’s health or primary care setting. This presentation will utilize case studies to examine the most common disorders, differential diagnosis, and treatments for depression and anxiety in women.

T. An Update on HPV Immunizations

1.25 Rx; NCC Code 1

Nancy R. Berman, MSN, ANP-BC, NCMP, FAANP

This session will review the natural history of HPV and cervical cancer, the disease burden of HPV at other sites, and review the current HPV vaccines, including the 9-valent. There will be a discussion of strategies for increasing vaccine uptake in young girls and boys and young women and men.

2:50pm – 3:40pm

CDC Guidelines - Including New STI Guidelines and PrEP

0.8 CE 0.8 Rx; NCC Code 2A

Kim Workowski, MD

3:45pm – 4:35pm

Polycystic Ovary Syndrome (PCOS)

0.8 CE 0.8 Rx; NCC Code 2A

Anne Moore, DNP, WHNP/ANP-BC, FAANP

4:40pm – 5:30pm

Pharmacology Update - Top 10 Drugs Prescribed to Women - Across the Lifespan

0.8 CE 0.8Rx; NCC Code 4

Holly B. Fontenot, PhD, RN, WHNP-BC

7:00pm – 9:00pm

COMPLIMENTARY DINNER SYMPOSIUM

**Day 3 –
Saturday, October 17, 2015**

7:00am – 9:00am

Registration

7:00am – 8:45am

COMPLIMENTARY BREAKFAST SYMPOSIUM – PRODUCT THEATER

Improving cervical cancer screening: Use of HPV DNA testing to enhance screening effectiveness 3.5 CE 2.5 Rx; Non-CE

In 2012 new guidelines for cervical cancer were released by three major groups: ACOG, the USPSTF and the

ACS/ASCCP/ASCP Consensus Conference. In 2014 the FDA approved first-line primary screening testing for ages 25-29 and in 2015 SGO/ASCCP issued interim guidance. With the evolution of screening methods, it is important to understand the changes in guidelines and management. Discussion will include screening age, how often to screen, and management of results.

9:00am – 12:00pm

WORKSHOPS

1. Primary Care Skills Workshop

3.0 CE; NCC Code 2C

Anne Moore, DNP, WHNP/ANP-BC, FAANP

Kathy Trotter, DNP, CNM, FNP-BC

This session will update nurse practitioner knowledge and skills for HEENT, neurology, and cardiac assessment.

Hands-on skills will be included.

Limited to 30 registered attendees

2. Coding Workshop: ICD-10

3.0 CE; NCC Code 5

Anne E. Frunk, CPC

The upcoming transition to ICD-10 will be the most significant change to coding in the last 20 plus years. This training session will provide an introduction to ICD-10, starting with the coding basics and building to more common and complex scenarios for well woman and adult medicine visits. Attend this program to gain an essential understanding to ICD-10 by exploring the characteristics of ICD-10, terminology, and coding examples.

3. Office Gynecology Procedures

3.0 CE 1.5Rx; NCC Code 3

Aimee Chism Holland, DNP, WHNP-BC, FNP-BC, RD

Participants will be educated in this session about the safe and accurate steps specific to performing five different office gynecology procedures. Simulated models will be provided for participants to practice each of the following skills:

1. Endometrial biopsy
2. Vulvar biopsy
3. Endocervical polypectomy
4. Incision and drainage of a Bartholin gland cyst with Word catheter placement
5. Condyloma accuminata treatment with trichloroacetic acid

Limited to 50 registered attendees

4. Nexplanon Training

Non-CE

During the clinical program for Nexplanon (etonogestral implant) you will receive hands on training for insertion and removal procedures, as well as learn implant localization techniques. Completion of this course will allow you to order the product from authorized distributors. This session, which is authorized by Merck, is not accredited for continuing education credit. The training is open only to advanced practice clinicians with furnishing numbers or prescribing privileges in their state. It is Merck's policy to verify all clinicians' practice, license and eligibility information in advance of training. Merck will contact you directly if there is a problem. Participants are expected to attend the entire training session, which is approximately 3 hours in duration. Certificates of attendance will not be

issued for persons who arrive late or leave early.

Limited to 30 registered attendees

5. IUD Insertion Training

3.0 CE 0.5 Rx; NCC Code 1

Suzanne Reiter, MSN, MM, WHNP-BC, FAANP

Carolyn M. Sutton, MSN, WHNP-BC, FAANP

This hands on workshop will give participants skill building tools for insertion and removal of the 4 FDA approved IUDs. Efficacy, side effects, and selection criteria will also be covered.

Limited to 50 registered attendees

6. Alcohol Screening and Brief Intervention: How to Do it and How to Implement it in Your Practice

3.0 CE NCC Code 1

Leila R. McKnight-Eily, PhD; Becky Porter, MS, LPC; Diane K. King, PhD; Ann M. Mitchell, PhD, RN, FAAN; Irene Kane, PhD, RN, CNA, EP-C

This session will focus on teaching participants the skills needed to conduct alcohol screening, brief intervention, and how to implement in clinical practice. Workshop presenters include CDC experts and grantees who focus on alcohol screening and brief intervention, including nursing curriculum and training.

7. Educate the Educators: Clinical Update on HPV Screening and Prevention

3.0 CE; NCC Code 1

Co-sponsored by ASCCP

Mary M. Rubin, RNC, PhD, CRNP, FAANP

Nancy R. Berman, MSN, ANP-BC, NCMP, FAANP

Beth C. Huff, MS, N, FNP-BC

Educate the Educators is a series of ASCCP training modules designed to teach clinicians to become local experts on HPV-related cervical cancer. Upon completion of the training, participants will receive the presentations so they can be tailored to specific audiences.

12:00pm

Hotel Reservations

The official hotel of the 18th Annual Conference is The Grand America Hotel, 555 South Main Street, Salt Lake City, Utah 84111. The discounted conference rate is \$219 for a premium room and \$239 for a suite, plus applicable taxes. Complimentary Wi-Fi is included in the room rate. To make a reservation you can call 800-304-8696 (be sure to mention the National Association of Nurse Practitioners). Or you can book online at <http://bit.ly/1EA9d7p> to receive the discounted rate. Additional booking information can be found at www.npwh.org. The cut-off date for the discounted rates is September 6, 2015.

Important Hotel Cancellation Information

For each reservation cancelled after August 30th, a non-refundable full night's room rate, plus applicable taxes, will be charged to the credit card on file. Guests who check out early (prior to the reserved check-out date) will be assessed one full night's room charge, plus applicable taxes. Parking at the hotel is \$18/day (plus tax) for self-parking and \$23/day (plus tax) for valet parking.

Ground Transportation

You can take the Express Shuttle from Salt Lake City International Airport to The Grand America Hotel for \$8.00 one way. Reservations are required for both pick up and drop off. You can reserve a shuttle by calling 800-397-0773 or on their website at www.ExpressShuttleUtah.com. The ride to the hotel can take upwards of 30 minutes or more, as the shuttle will make other stops.

You can take a cab from the airport to the hotel for approximately \$30 per trip (plus tip). A cab ride takes approximately 20 minutes from the airport to the hotel.

The Trax (Salt Lake City's metro system) picks up outside of Salt Lake City International Airport, Terminal One and costs \$2.50 one way. The trip from the airport to the Grand America Hotel takes approximately 45 minutes.

Climate and Wardrobe Considerations

Business casual is the accepted attire during conference activities. Sweaters and light jackets are recommended for cool meeting rooms and evenings.

Women Helping Women

Just one business suit from your closet could launch a career for a deserving woman. NPWH will host a suit drive during conference registration to benefit Women Helping Women, a project through the Junior League of Salt Lake City. The Junior League collects, prepares, and distributes donated professional women's clothing to women entering the workforce and to those who are in transition towards self-sufficiency. Clients are referred to the project by government and social service agencies. Women Helping Women has served nearly 12,000 women since 1996. All donations are tax-deductible. Further information regarding the program is available at https://www.jlslc.org/?nd=p_women_helping_women.

Credit Information

This program has been approved by the Continuing Education Approval Program of the National Association of Nurse Practitioners in Women's Health for 13.2 contact hours (6.95 hours of Pharmacology). The pre-conference has been approved for 7.0 contact hours (5.0 hours of Pharmacology). The complimentary symposia and workshops offer a maximum of up to 6.0 contact hours (3.0 hours of Pharmacology). AMCB accepts NPWH CE credit for midwives.
