

Healthcare Professionals' Attitudes Toward **OPIOIDS**

OPIOID ADDICTION BY THE NUMBERS

249 million
opioid prescriptions in 2013

Clinicians need better tools to fight the OPIOID EPIDEMIC

Physicians and other clinicians were surveyed about the OPIOID EPIDEMIC

5

QUESTIONS FOR PROVIDERS

1. Is prescribing an opioid appropriate?
2. Have I considered alternate treatments?
3. How will this patient react to the opioid dosage?
4. Am I carefully monitoring high-risk patients?
5. What have I done to reduce long-term opioid use?
