

23rd  
Annual

NPWH Premier  
Women's Healthcare  
Conference

Virtual Event

October 15-18, 2020

# CONFERENCE SCHEDULE

**2020**  
INTERNATIONAL YEAR  
OF THE NURSE AND  
THE MIDWIFE

Dear Attendees,

Each fall, we look forward to providing you the latest updates in women's healthcare through hours of CE courses, engaging speakers, and networking opportunities at our Annual *Premier* Women's Healthcare Conference. This year is no different. As we monitor the continuously changing COVID-19 situation, we've decided that due to the uncertainty of travel – as well as the health and safety of our members – we will move our conference to a virtual platform this year.

You'll still receive the high quality continuing education that you've come to expect from our conference. Expect to hear the latest on exciting, timely topics such as:

- Telehealth
- Anti-viral therapy
- LGBTQ Healthcare
- Maternal Mortality

And much more. This is an opportunity for us to engage with each other in new, innovative ways.

We look forward to seeing you, virtually, October 15-18.

Warm Wishes,

Heather L. Maurer  
Chief Executive Officer

Jacki Witt  
Co-Chair, Planning Committee

Caroline Hewitt  
Co-Chair, Planning Committee

The National Association of Nurse Practitioners in Women's Health (NPWH) is a dynamic professional membership organization focused on women's healthcare. As the healthcare landscape changes and evolves, NPWH continues to support the professional development and lifelong learning of nurse practitioners, nurse-midwives, and all other clinicians who provide care to women and to advocate for sound public policies that improve women's health. Clinicians who attend the NPWH 23rd Annual *Premier* Women's Healthcare Conference will gain the in-depth knowledge and specialized skills needed to provide high-quality healthcare to women of all ages.

Please join us virtually to learn about state-of-the-art developments in women's health, and share our collective goal of providing quality healthcare to women.

## LEARNING OBJECTIVES

*At the conclusion of this conference, participants will understand current clinical trends and use evidence-based research and new national guidelines to provide high-quality healthcare to women, as well as to:*

1. Use new knowledge to implement clinical management plans for selected healthcare needs of women, including:
  - a. primary healthcare and preventive health services;
  - b. assessment and treatment of selected gynecologic conditions; and
  - c. care across the childbearing continuum
2. Integrate updated knowledge about pharmacotherapy in order to manage selected problems in women's health.
3. Design professional development strategies to enhance clinical practice.
4. Advocate for equity in women's healthcare and encourage women's autonomy.
5. Increase clinical skills through participation in workshops.

*The National Association of Nurse Practitioners in Women's Health's mission is to ensure the provision of quality primary and specialty healthcare to women of all ages by women's health and women's health-focused nurse practitioners. Our mission includes protecting and promoting a woman's right to make her own choices regarding her health within the context of her personal, religious, cultural, and family beliefs.*

# PRE-CONFERENCE – THURSDAY, OCTOBER 15, 2020

This conference will take place in Central Standard Time

**8:00am – 12:00pm CT**

## Genetic Testing and Screening – Putting it All Together - Who to Test, When to Test and What to Test

*Shoshana Aronowitz, PhD, FNP-BC*  
*Emily Dimartino, MSN, CRNP, FNP-C*  
*Rachel Gorham-Fidino, MSN, WHNP, AGN-BC*

NCC Code 3; 3.5 CE

This workshop will provide a general overview of the role of the nurse practitioner with regard to risk assessment, screening and testing, and when to refer. The field of genetic testing and screening has expanded in recent years. As we learn more about the role our genetic make-up plays in many disease processes it is important to know and provide our patients with updated, evidence-based information.

**1:00pm – 5:00pm CT**

## Caring for the LGBTQ Population

*Haywood Brown, MD*  
*Shawana S. Moore, DNP, MSN, CRNP, WHNP-BC*  
*Holly Pederson, MD*

NCC Code 5; 3.5 CE

The purpose of this pre-conference workshop is to provide participants with up to date information on caring for the LGBTQ population. This pre-conference workshop will focus on the proper terminology, creating inclusive practice environments, screenings, proper billing and coding, pharmacotherapy considerations, follow-up and management plans for the LGBTQ population.

**5:30pm – 6:45pm CT**

## Welcome Reception in Exhibit Hall

**7:00pm - 8:00pm CT**

## Product Theater

# DAY 1 – FRIDAY, OCTOBER 16, 2020

This conference will take place in Central Standard Time

**8:00am – 1:00pm CT**

## Exhibit Hours

**9:00am – 9:30am CT**

## Welcome Meeting

**9:30am- 10:15am CT**

## KEYNOTE ADDRESS

*Alina Salganicoff, PhD*  
CE 0.75

**10:20am – 11:10am CT**

## I'm Cured! Now What? (GYN Oncology)

*Guy Jones, MD*  
NCC Code 3; 0.2 Rx

This presentation will cover surveillance exams, imaging and labs as well as long-term health implications from the treatment of common gynecologic malignancies.

**11:15am – 12:05pm CT**

## Personalized Cervical Cancer Prevention: The Next Generation of Abnormal Result Management via the 2019 ASCCP Consensus Guidelines

*Kim Choma, DNP, WHNP-BC*  
*Aimee Chism Holland, DNP, WHNP-BC, FNP-C, FAANP*  
NCC Code 3

A review of the 2019 ASCCP risk-based management consensus guidelines for abnormal cervical cancer screening tests and cancer precursors with the use of technology to gauge a woman's personal risk of CIN3+.

**12:00pm – 1:00pm CT**

## Visit Exhibit Hall

**1:15pm – 2:15pm CT**

## Product Theater

**2:20pm – 3:10pm CT**

## STIs – Review of the CDC Updated Treatment Guidelines

*Gail Bolan, MD*  
NCC Code 2 (Gynecologic Disorders/Deviations)

**3:15pm – 3:45pm CT**

## Inspiration Awards

**3:50pm – 4:40pm CT**

## The Heart of the Matter: Preeclampsia and the Effects on the Cardiovascular System

*Karen L. Florio, MD*  
NCC Code 2 (Complications of Pregnancy)

This session will describe the physiologic changes in pregnancy related to the cardiovascular system, discuss diagnosis and quick management of preeclampsia, discuss preventive therapies and risk modification for future heart disease as a result of preeclampsia.

**4:45pm – 5:35pm CT**

## Creating a Circle of Hope: Have We Made Progress in Supporting Women to Prevent Substance Exposures During Pregnancy?

*Marilyn Pierce-Bolger, MN, FNP-BC, CNM, APRN*  
*Kathleen Tavenner Mitchell, MHS, LCADC*  
NCC Code 5

Current prevalence estimates indicate that up to 1 in 20 children in the U.S. may have FASD (Fetal Alcohol Spectrum Disorder), which is a range of preventable lifelong disabilities that can present as attention, learning, social, and behavioral challenges. Current data for women drinking during pregnancy is concerning (recent patterns have shifted from 1 in 10 to 1 in 9 women continuing to drink -CDC) and mixed messages in the media, from 'influencers' & friends/family members, and from health professionals combine to increase the risk. Marilyn and co-presenter, Kathy Mitchell (founder & National Spokesperson for National Organization on Fetal Alcohol Syndrome (NOFAS) and founder of the Circle of Hope mentoring program) will explore the factors that influence alcohol use in our culture, stigma related to women who may be consuming alcohol & substances (especially during pregnancy), and how effective strategies can support women and reduce alcohol-exposed pregnancies.

**6:00pm – 7:00pm CT**

## Product Theater

# DAY 2 – SATURDAY, OCTOBER 17, 2020

Each breakout session between 8:00am and 5:30pm Central Standard Time is worth 1.25 CEs. Any pharmacology credits are noted with each particular session. You may choose one session for each time period.

## 8:00am – 1:20pm CT

### Exhibit Hours

## 8:00am – 9:15am CT

### A. Lactation Support For Families

**Jamille Nagtalon-Ramos, EdD, MSN, WHNP-BC, IBCLC, FAAN**

NCC Code 1

This presentation will cover the lactation support for diverse family units including transgender and non-binary parents and adoptive and non-gestational birth parent.

### B. When Their Bladder Controls Their Life: Understanding Voiding Dysfunction for Office GYN Care

**Jenna Lewis-Perkins, MSN, WHNP-BC**

**Sandi Tenfelde, PhD, APRN, WHNP-BC**

NCC Code 2 (Gynecologic Disorders/Deviations); Rx 0.25

Many women struggle with urinary complaints. The broad umbrella of voiding dysfunction includes overactive bladder, urinary retention and urinary incontinence. Primary care gynecology providers are experts in female anatomy, but they often lack skill in urologic care. This presentation will provide the primary care women's health clinician with strategies to assess pelvic floor health, urinary function, and other factors that contribute to voiding dysfunction. Evidence-based treatment modalities, including lifestyle modifications and pharmacologic interventions, will be presented.

### C. Caring for Women on Adjuvant Endocrine Therapy: The Role of the NP

**Rachel Gorham-Fidino, MSN, WHNP, AGN-BC**

NCC Code 4; 1.25 Rx

Understand the indications for endocrine therapy in patients with breast cancer. The presentation will discuss mechanism of action, side effects, and use.

### D. Women's Preventive Services Initiative- What WHNPs Need to Know to Provide the Best Preventive Care

**Sandi Tenfelde, PhD, APRN, WHNP-BC**

NCC Code 1

Updates from the Women's Preventive Services Initiative (WPSI) will help guide clinicians to providing the best evidence-based preventive healthcare for women of all ages. This presentation will introduce new guidelines to assist primary care providers for optimal practice in women's health and identify resources for patients to help them participate in their preventive healthcare.

### E. It's Time to Free the Pill!

**Britt Wahlin, Master of Humanities**

NCC Code 5

The Free the Pill campaign aims to educate and engage the public in support of an over-the-counter (OTC) oral contraceptive (OC) option in the United States, and supports an OTC pill that is affordable, covered by insurance, and available to people of all ages without a prescription. The OCs OTC Working Group, the coalition behind the campaign, has engaged in a partnership with a pharmaceutical company to submit an OTC application to the FDA for a progestin-only pill. For this session, we will present the case for moving OCs OTC as a way to expand contraceptive access, and will provide medical, youth, and policy perspectives on how to ensure that an OTC OC is available and accessible to all, mitigating implicit bias in clinical practice and nursing organizations.

## 9:25am – 10:40am CT

### F. Accelerate Racial Equity in Women's Health

**Kelly McKay-Gist, MSW, LCSW**

NCC Code 5

This presentation will introduce EleVATE model of prenatal care, community collaboration as a path to racial equity and strategies to dismantle systemic and institutional racism within prenatal care. The goal of the collaborative work is to: 1) reduce inequitable adverse pregnancy outcomes, 2) provide intensive trainings for healthcare teams to support patients who are experiencing trauma, depression and psychosocial stress as result of racism, and 3) broaden the culture of medical practice by elevating and integrating perspectives from communities and healthcare institutions to develop innovative solutions, practices and new approaches to eliminate racial inequities in care delivery while increasing shared accountability to promote direct practice changes.

### G. Diagnosis and Management of Abnormal Uterine Bleeding: Too much, too little, too soon, too late

**Anita Nelson, MD**

NCC Code 2 (Gynecologic Disorders/Deviations); 0.5 Rx

Abnormal uterine bleeding often reflects underlying pathology and warrants efficient evaluation and treatment to improve the woman's health and her quality of life. The primary focus of the presentation will be on medical management and pharmacologic treatment.

### H. Overview of Current Antiviral and Antiretroviral Therapies

**Maithe Enrriquez, PhD, APRN, FAAN**

NCC Code 4; 1.25 Rx

This presentation will discuss clinical presentation/symptoms and diagnostic criteria together with an overview of the prevention/treatment of selected viral infections in adults (i.e. influenza, hepatitis A, B and C, HPV, herpes simplex, herpes zoster, HIV, SARS-CoV-2).

### I. Is Your Make-up Making You Sick? ...and Other Important Environmental Questions for You and Your Patients

**Alexa Colgrove Curtis, PhD, MPH, FNP**

NCC Code 1

This presentation will review the risk of potentially toxic environmental exposures in the home, workplace and community. Assessment tools and evidence-based strategies for anticipatory guidance to mitigate health risks appropriate for practice in women's healthcare will be presented. The essential role of the nurse practitioner as an advocate for healthy environments will be explored.

### J. Caring for Diverse Populations: The Importance of Recognition and Mitigation of Implicit Bias

**Diana Drake, DNP, APRN, WHNP, FAAN**

**Shawana Moore, DNP, MSN, CRNP, WHNP-BC**

NCC Code 5

The purpose of this presentation is to discuss the importance of recognizing and mitigating implicit bias in clinical practice and nursing organizations.

## 10:50am – 12:05pm CT

### K. Postpartum Depression Screening: Assessing Shades of Maternal Sadness

**Marcia Clevesy, DNP, WHNP-BC**

NCC Code 2 (Complication of Pregnancy); 0.2 Rx

This session will present an overview of maternal depression including consequences associated among women, their infants, and families in the postpartum period. The discussion will include the recommended use of validated postpartum depression (PPD) screening tools including establishment of standardized PPD screening, interventions, and follow-up referral systems in the clinical setting.

### L. Vulvovaginal Dermatology

**Hope Haefner, MD**

NCC Code 2 (Gynecologic Disorders/Deviations); 0.3 Rx

An overview of vulvovaginal conditions will be presented, with a focus on diagnosis and treatment for these conditions.

### M. Marijuana and the Effect on Women's Health: Focus on Pregnancy and Breastfeeding

**Laura Borgelt, PharmD, MBA, FCCP, BCPS**

NCC Code 2 (Complications of Pregnancy); 0.3 Rx

An estimated 7% of women are using cannabis during pregnancy. Although women may use it for medical reasons such as nausea or vomiting in pregnancy, the prevalence of non-medical use is higher. Additionally, employees in cannabis dispensaries are recommending cannabis to these women. Many women and healthcare professionals are unaware of the potential risks to the fetus and mother. In this session, we will discuss the effects of cannabis on the endocannabinoid system and fetal development, review studies that have evaluated use of cannabis in pregnancy, and describe counseling opportunities and challenges regarding cannabis use in pregnancy and lactation. Overall, healthcare professionals need to be informed of available data to communicate effectively with patients who may be using or considering use of cannabis during pregnancy and lactation.

### N. Cardiac Disease in Pregnancy: Caring for the Pregnant Patient with Congenital Heart Disease

**Karen L. Florio, MD**

NCC Code 2 (Complications of Pregnancy); 0.3 Rx

Most women with a congenital heart defect can have a successful pregnancy. It requires careful planning and management by a multidisciplinary team. During this session the focus will be on care of the pregnant patient with a congenital heart defect. We will cover disease status, risk stratification, and care during the antepartum and intrapartum periods.

# DAY 2 – SATURDAY, OCTOBER 17, 2020

Each breakout session between 8:00am and 5:30pm Central Standard Time is worth 1.25 CEs. Any pharmacology credits are noted with each particular session. You may choose one session for each time period

## O. Innovation and Entrepreneurship for the Women's Health Nurse Practitioner

**Heather Quaille, DNP, WHNP-BC, SANE**

NCC Code 5

A small but growing percentage of nurse practitioners are reclaiming their right to clinical, independent practice. Nurse practitioner entrepreneurs are providing research confirmed quality and effective care and establishing a public image as patient advocates, counselors and educators in addition to efficient and independent clinicians. This presentation will discuss the role of the nurse entrepreneur and how to start your own practice and work through some of the obstacles of being a business owner.

12:10pm -1:20pm CT

Visit Exhibit Hall

1:25pm – 2:40pm CT

## P. Advanced Concepts for Advanced Practice: Providing Compassion-First, Evidence-Based Care after Perinatal Loss

**Marianne Hutti, PhD, WHNP-BC, FAANP, FAAN**

NCC Code 2 (Complications of Pregnancy)

This session will provide participants with advanced concepts in perinatal bereavement care. Through the lens of a theoretical framework for understanding parents' perceptions of the loss and for guiding interventions, participants will examine the controversial diagnosis of complicated grief related to perinatal loss, examine compassion-first, evidence-based ways to give bad news to parents regarding their loss, and will go beyond a "cookbook" approach in understanding how to use knowledge about cultural differences to provide compassionate, individualized care to all people after perinatal loss.

## Q. What's in the Contraceptive Pipeline for Women?

**Anita Nelson, MD**

NCC Code 4; 1.25 Rx

There have been many new contraceptive methods introduced in the last several years, but the unintended pregnancy rate remains high. This certainly reflects women's ambivalence and indifference to controlling their fertility but may also reflect the need for more options. This talk will review what is in the pipeline now.

## R. PCOS: Climbing the Mountain of Collaborative Care

**Julie Caldwell, DNP, FNP-BC**

**Jordan Vaughn, MSN, WHNP-BC**

NCC Code 2 (Gynecologic Disorder/ Deviations); 0.5 Rx

This presentation will review the incidence, symptoms, diagnosis, management, and potential health consequences of polycystic ovary syndrome. Additional focus will be on reproductive sequelae and treatment strategies.

## S. CLINICAL TOPICS

### Introducing the Sperm to the Egg: Working up Male Infertility

**Randee Masciola, DNP, APRN, WHNP-BC**

**Justin Waryold, DNP, RN, ANP-C, ACNP-BC**

NCC Code 2 (Gynecologic Disorders/Deviations)

### Beyond the Checklist: A Framework for Trauma-Informed Care

**Terri Platt, DNP, RN, WHNP-BC, NCMF**

**Leigh Minchew, DNP, RN, WHNP-BC, PMHNP-BC**

**Candice Selwyn, PhD**

NCC Code 1

## T. Virtual Care for Women: Best Practices for Telemedicine

**Sarah Rhoads, PhD, DNP, WHNP-BC, FAAN**

NCC Code 5

Many healthcare practices and providers quickly implemented telemedicine as an alternative for in-person visits during the Covid-19 pandemic. Not all of these types of visits are satisfying for the woman and/or the provider. This presentation will provide steps to ensure the provider and patient have an engaging and satisfying visit using technology.

2:50pm – 4:05pm CT

## U. AIM/ MMRC and the role of WHNP

**Jennifer Hawn, WHNP-BC**

**Sue Kendig, JD, WHNP-BC, FAANP**

NCC Code 5

This presentation will focus on the specific role of the WHNP in the Maternal Mortality Review Committee. We will walk through the review process, review data obtained from MMRC and discuss how that data is used to drive change.

## V. Hitting Below the Belt: The Quagmire of Pelvic Pain Assessment and Treatment

**Jenna Lewis-Perkins, MSN, WHNP-BC**

**Sandi Tenfelde, PhD, APRN, WHNP-BC**

NCC Code 2 (Gynecologic Disorders/Deviations)

Pelvic pain is a very common complaint for women presenting for GYN care. Many clinicians feel inadequate to assess and treat this complex condition. This presentation will discuss the prevalence of pelvic pain, review history questions to help create the differential diagnoses, provide clinical pearls to help perfect the pelvic exam for a woman in pain and identify evidence-based office management and referral processes. In addition, professional resources for support and continued learning for clinicians caring for women with pelvic pain will be provided.

## W. Pills, Patches, and Rings: Taking a Fresh Look at Some Old Methods

**Melanie Deal, MS, WHNP-BC, FNP-BC**

NCC Code 4; 1.25 Rx

This presentation will review current usage trends, key clinical issues/updates; key management issues for pills, patches, and contraceptive rings.

## X. Acneiform Skin Eruptions

**Margaret Bobonich, DNP, FNP-C, DCNP, FAANP**

NCC Code 4; 1.25 Rx

Many skin conditions present as acne-like eruptions and can have a significant impact on the quality of life for women. Some of these diseases can signal underlying or concomitant systemic diseases. The key to optimal health outcomes are an accurate diagnosis and updates on therapeutics of skin conditions in women. We will discuss acne, rosacea, perioral dermatitis and hidradenitis suppurativa.

## Y. PODIUM PRESENTATIONS

### Adult Women's (27-45 years) Perceptions of HPV Vaccination

**Holly B. Fontenot, PhD, RN, WHNP-BC, FAAN**

Associate Professor & Frances A. Matsuda Chair in Women's Health  
University of Hawaii at Manoa; School of Nursing and Dental Hygiene  
Honolulu, Hawaii

**Annie-Laurie McRee, DrPH**

Associate Professor  
University of Minnesota  
Minneapolis, Minnesota

**Kate McNair, PhD(c), RN, WHNP-BC**

Boston College W.F. Connell School of Nursing/ PhD Candidate  
Chestnut Hill, Massachusetts

### Substance Use among Women: The Importance of Standardized Screening

**Danielle Grimm, MPH, MSN, WHNP-BC**

Clinical Manager  
Ob/Gyn Department  
The Dimock Center  
Roxbury, Massachusetts

### "Just because you have ears doesn't mean you can hear"- Perceived Discrimination during Childbirth & Influence on Patient-Provider Communication

**Naissa Piverger, MPH**

Clinical Research Coordinator  
Icahn School of Medicine at Mount Sinai  
Department of Population Health Science and Health Policy  
New York, NY

**Teresa Janevic, MPH, PhD**

Visiting Assistant Professor  
Icahn School of Medicine at Mount Sinai  
Department of Population Health Science and Health Policy  
New York, New York

**Omara Afzal, MPH, DO**

Icahn School of Medicine at Mount Sinai  
Department of Obstetrics, Gynecology and Reproductive Science  
Medical Director, Mount Sinai Hospital OB/GYN Ambulatory Practice  
New York, New York

**Elizabeth A. Howell, MD, MPP**

Icahn School of Medicine at Mount Sinai  
Professor of Population Health Science & Policy  
Professor of Obstetrics, Gynecology, and Reproductive Science  
Director, Blavatnik Family Women's Health Research Institute  
System Vice Chair for Research, Dept. of Obstetrics Gynecology, and Reproductive Science  
Associate Dean for Academic Development  
New York, New York

# DAY 2 – SATURDAY, OCTOBER 17, 2020

Each breakout session between 8:00am and 5:30pm Central Standard Time is worth 1.25 CEs. Any pharmacology credits are noted with each particular session. You may choose one session for each time period

4:15pm – 5:30pm CT

## Z. CLINICAL TOPICS

### Political Will or Won't - Political or Won't - Advocacy for Women's Health

Heather Bradford, MSN, CNM, FACNM

Ella Heitzler, PhD, WHNP-BC, RNC-OB

NCC Code 5

### When Things Fall Apart: Providing Access to Reproductive Healthcare During the COVID-19 Global Pandemic and Beyond

Maria Rudd, DNP, APRN, WHNP

NCC Code 5

## AA. CLINICAL TOPICS

### Reproductive Grief Care: Giving Permission to Grieve

Kathryn Grauerholz, MSN, NP, ACHPN

NCC Code 2 (Complications of Pregnancy)

### Hear Me to Heal Me

Mary Beth Kealy, MSN, RN, WHNP

NCC Code 5

## BB. Medical Management of Endometriosis

Heidi Collins Fantasia, PhD, RN, WHNP-BC

NCC Code 4; 1.25 Rx

This session will focus on the medical management of endometriosis by the nurse practitioner. Many patients with a history of chronic pelvic pain have either a clinical or surgical diagnosis of endometriosis and will require management to control symptoms and preserve fertility. Common symptoms and clinical presentations of endometriosis will be discussed, as well as pharmacologic options.

## CC. Pain Management for the Primary Care Provider

Stephen Dechter, DO, FAAPMR

NCC Code 2 (Pathophysiology Primary Care); 0.3 Rx

Discuss common presentation, diagnosis, workup, and treatment options in the primary care setting. Discuss when to refer and why. Explore treatment options after seeing the pain specialists.

## DD. Reproductive Justice: A Human Right

Kelly McKay-Gist, MSW, LCSW

NCC Code 5

Reproductive justice centers on examining how power is shared and access to power within healthcare and beyond. In addition, reproductive justice centers communities who are most impacted by racial inequities and addresses racial inequities across the lifespan. In this presentation, we will examine ways to dismantle systems, policies and acknowledge the history of reproductive oppression to better implement the tenets of reproductive justice.

6:00pm – 7:00pm CT

Product Theater

# DAY 3 – SUNDAY, OCTOBER 18, 2020

This conference will take place in Central Standard Time

9:00am – 12:00pm CT

## WORKSHOPS

### GYN Office Procedures

Aimee Chism Holland, DNP, WHNP-BC, FNP-C, FAANP

NCC Code 3, 1.0 RX

### Colposcopy

Mary Rubin, PhD, WHNP-BC, FAANP

Kim Choma, DNP, WHNP-BC

NCC Code 3

12:00pm CT

Adjourn

# REGISTRATION INFORMATION

## PRE-CONFERENCE REGISTRATION FEES

Pre-Conference Only Active Member	\$275
Pre-Conference Only Non-Member	\$325
Pre-Conference Only Active Student Member	\$225
Pre-Conference Active Member	\$250
Pre-Conference Non-Member	\$300
Pre-Conference Active Student Member	\$150

## MAIN CONFERENCE REGISTRATION FEES

Active Member	\$410
Non-Member/Inactive	\$650
Student Member	\$225

## WORKSHOPS

Active Member Fee	\$125
Non-Member Fee	\$175
Student Member Fee	\$75

## HOW TO GET EMPLOYER SUPPORT

Conference attendees may consider trying to obtain employer support in covering all or part of the conference fees. This event is an ideal opportunity to stay up to date in the field of women's healthcare, to gain continuing education credit while doing so, and to network with women's healthcare practitioners from all over the country. The knowledge and skills gained at the conference can then be applied to patient care and to the organization of the practice or healthcare facility, which benefits not only the attendee but the employer as well.

## METHOD OF PAYMENT FOR REGISTRATION FEE

Payment can be made by U.S. check/money order (payable to NPWH Conference) or by credit card—MasterCard, VISA, or Discover—only. A \$25 fee is charged for any returned check or declined credit card.

## REFUNDS

A \$75 processing fee will be charged for cancellations received in writing by **September 14, 2020**. After September 14, 2020, only 50% of the registration fee will be refunded, and "no-shows" will not receive a refund. On-site cancellation of workshop participation will result in a 50% refund of the workshop fee.

# DISTINGUISHED 2020 CONFERENCE FACULTY

## **Margaret Bobonich, DNP, FNP-C, DCNP, FAANP**

Dermatology Nurse Practitioner  
University Hospitals Cleveland Medical Centers  
Cleveland, Ohio

## **Gail Bolan, MD**

Director, Division of STD Prevention  
National Center for HIV/AIDS, STD and TB Prevention  
Centers for Disease Control and Prevention

## **Laura Borgelt, PharmD, MBA, FCCP, BCPS**

Professor and Associate Dean of Administration and Operations  
University of Colorado Anschutz Medical Campus  
Aurora, Colorado

## **Julie Caldwell, DNP, FNP-BC**

Family Nurse Practitioner  
The Frist Clinic  
Nashville, Tennessee

## **Kim Choma, DNP, WHNP-BC**

Women's Health Nurse Practitioner  
Ob/Gyn Associates of North Jersey  
Teaneck, New Jersey

## **Marcia Clevesy, DNP, WHNP-BC**

Perinatal Manager  
Howard University Hospital  
Washington, D.C.

## **Alexa Colgrove Curtis, PhD, MPH, FNP**

Assistant Dean for Graduate Nursing  
University of San Francisco  
San Francisco, California

## **Melanie Deal, MS, WHNP-BC, FNP-BC**

Nurse Practitioners  
University Health Services  
Berkeley, California

## **Stephen Dechter, DO, FAAPMR**

Benton Franklin Orthopedics Associates  
Kennewick Washington

## **Diana Drake, DNP, APRN, WHNP, FAAN**

Clinical Associate Professor  
University of Minnesota School of Nursing  
Minneapolis, Minnesota

## **Maithe Enriquez, PhD, APRN, FAAN**

Professor of Nursing/Infectious Disease Nurse Practitioner  
Research College of Nursing/Metro Infectious Disease Consultants  
Kansas City, Missouri

## **Heidi Collins Fantasia, PhD, RN, WHNP-BC**

Associate Professor  
University of Massachusetts Lowell  
Lowell, Massachusetts

## **Karen L. Florio, MD**

Maternal-Fetal Medicine Specialist  
Saint Luke's Hospital of Kansas-UMKC  
Kansas City, Missouri

## **Rachel Gorham-Fidino, MSN, WHNP, AGN-BC**

New Women's Clinic and Aesthetics  
Kennewick, Washington

## **Hope K. Haefner, MD**

Professor, Department of Obstetrics and Gynecology  
Michigan Medicine, University of Michigan  
Ann Arbor, Michigan

## **Jennifer Hawn, WHNP-BC**

Women's Health Nurse Practitioner  
Mercy Hospital  
St. Louis, Missouri

## **Aimee Chism Holland, DNP, WHNP-BC, FNP-BC, FAANP**

Associate Professor  
University of Alabama at Birmingham  
Birmingham, Alabama

## **Marianne H. Hutti, PhD, WHNP-BC, FAANP, FAAN**

Professor, College of Nursing, and Senior Nurse Scientist, Ambulatory  
Clinics – UK Healthcare  
University of Kentucky  
Lexington, Kentucky

## **Guy Jones, MD**

Radiation Oncologist  
Tri-Cities Cancer Center  
Kennewick, Washington

## **Beth Kelsey, EdD, APRN, WHNP-BC, FAANP**

Editor-in-Chief, *Women's Healthcare: A Clinical Journal for NPs*  
Consultant for NPWH  
Washington, District of Columbia

## **Sue Kendig, JD, WHNP-BC, FAANP**

Director of Policy  
National Association of Nurse Practitioners  
Washington, District of Columbia

## **Jenna Lewis-Perkins, MSN, WHNP-BC**

Urogyn and Pelvic Floor Nurse Practitioner  
The GW Medical Faculty Associates  
Washington, District of Columbia

## **Kelly McKay-Gist, MSW, LCSW**

St. Louis Integrated Health Network  
St. Louis, Missouri

## **Kathleen Tavenner Mitchell, MHS, LCADC**

Vice President and International Spokesperson  
National Organization on Fetal Alcohol Syndrome (NOFAS)  
Albuquerque, New Mexico  
Washington, District of Columbia

## **Shawana S. Moore, DNP, MSN, CRNP, WHNP-BC**

Director of the Women's Health Gender Related Nurse Practitioner Program  
Thomas Jefferson University, College of Nursing  
Philadelphia, Pennsylvania

## **Jamille Nagtalon-Ramos, EdD, MSN, WHNP-BC, IBCLC, FAANP**

Assistant Professor  
Rutgers University School of Nursing  
Camden, New Jersey

## **Anita Nelson, MD**

Professor and Chair OB—GYN  
Western University of Health Sciences  
Pomona, California

## **Marilyn Pierce-Bulger, MN, FNP-BC, CNM, APRN**

Interim President-Board of Directors, Alaska Center for FASD  
Anchorage, Alaska

## **Heather Quaile, DNP, WHNP-BC, SANE**

CEO/Founder/Clinical Director

## REGISTRATION INFORMATION *continued*

### **EQUAL OPPORTUNITY**

Events and activities approved by NPWH are available without regard to a participant's race, color, sex, national origin, disability, or age, as provided by law and in accordance with NPWH's respect for personal dignity.

### **EXHIBITOR INFORMATION**

The exhibit hall will be open to all registered attendees for six months, beginning on October 15. Attendees are free and encouraged to explore the Hall at their leisure and all information will be available 24/7 throughout the conference. The exhibit hours specified in the schedule indicate times when booth representatives will be available to speak with attendees.

### **CE INFORMATION**

This conference has been evaluated and approved by the Continuing Education Approval Program of the National Association of Nurse Practitioners in Women's Health. The preconference has been approved for up to 7 contact hours. The main conference has been approved for up to 14.25 contact hours, including hours of 7.8 pharmacology. The optional workshops are approved for up to 3 contact hours, including hour 1 of pharmacology in the Office GYN Workshop **ONLY**. Anyone who registers for the main conference will be able to earn additional CE credit hours by viewing breakout session they did not already attend. Attendees are able to earn up to 27.50 additional CE hours. Participants should only claim credits for sessions actually attended.

The American Midwifery Certification Board accepts NPWH continuing education credit for midwives.
